WHO IS RUNNING FOR OFFICE?

- You can view a personalized sample ballot here.
- Hoosier Asian American Power distributed questionnaires to candidates running for state office to learn about their positions on issues important to Asian Americans in Indiana. Visit our website and see candidates' responses here.

DO I NEED PROOF OF CITIZENSHIP?

- Every Indiana registered voter affirms their citizenship under penalty of perjury upon registering to vote. That is all that is required of them under Indiana and federal law. The registration deadline in Indiana has passed (October 7th), and everyone who registered already affirmed their citizenship.
- There is currently no documentary proof of citizenship requirement in effect under Indiana law. Voters who are registered should be able to vote on a regular ballot as they normally would. A state law called Indiana House Enrolled Act 1264 has documentary proof of citizenship provisions that went into effect July 1, 2025

WHAT ARE MY RIGHTS WHEN I VOTE?

- If you make a mistake on your paper ballot, ask for a new one.
- If the machines are down at your polling place, ask for help if you need accessibility features on a machine, or ask for a paper ballot.
- If you're still in line on Election Day at 6 pm when the polls close, stay in line – you have the right to vote.
- U.S. citizens have the right to vote, even if you are not comfortable in English. You have the right to bring someone into the voting booth with you to help you mark your ballot. Click here for details or call one of the above hotline numbers for help.
- Provisional ballots should be a last resort, as they usually require follow up from the voter, and even then they are often not counted promptly. We encourage you to find solutions that allow you to vote a regular ballot. Call the voter protection hotline (866-OUR-VOTE; 866-687-8683) for help before voting on a provisional ballot.
